## QUALITY, DRY, SCREENED, WEED-FREE, TOP SOIL IN 1 TON BAGS OR LOOSE

### SOIL MIXES & SOIL CONDITIONER

Allscape Ltd. has made a substantial investment in equipment and research to bring you market leading soil products, customer-specified blends, root zones etc. We can produce any soil mix that is required, to include soil conditioner and fertiliser.

All of the products can be delivered loose or in 1 ton bags and offloaded with a crane to the desired location. All of the soil-based product are stored, screened and blended under cover to ensure consistent all year round supply of dry products.

The main products are as follows.

- **SCREENED TOP SOIL:** only quality weed-free top soil is selected, it is then screened through a 10mm screen ensuring a fine loam.
- **SOIL COMPOST MIX:** The fine screened top soil is carefully blended with fine recycled compost, the standard mix is 70% top soil and 30% compost. This can be adjusted to client's specification
- **LAWN ROOT ZONE MIX:** This is fine sand/soil mix ideal for under lawn turf grass or for preparation of seeded areas, also suitable as a top dressing, the standard mix is 70% fine sand and 30% fine soil. This can be adjusted to client's specification.  
USGA Rootzone 70:30 Sand/Soil Blend 50:50 Divot Mix.

## THE BENEFITS OF WORKING WITH ALLSCAPE...

- Highest quality – excellent service
- Competitive prices – excellent price-to-quality ratio
- Pre-pricing with barcode
- Prompt delivery – 48 hours guaranteed with stock items
- Dedicated account manager – qualified experienced horticulturist
- Promotional and point of sale material
- Online web ordering system
- Direct delivery service to your customers in Leinster
- Ongoing market research and price comparisons.
